

Sport Premium Funding Action Plan

2017 - 2018

Caedmon Primary School

Working in partnership with Redcar & Eston School Sport Partnership

Guidance Notes

Guiding principles which have been considered when putting this action plan together and deciding how to allocate the primary school funding:

- Consider the overall PE and sport provision across the school with respect to all pupils.
- Identify how best to maximise the impact of PE, physical activity and competitive school sport on young people and school standards. This may include targeting of specific pupils e.g. using PE and sport as a vehicle to develop numeracy and literacy.
- Embed the investment within the school development plan to ensure that there is a strategy for the development of teacher confidence and competence in PE and wider outcomes for young people.
- Build on the generic teaching skills of the classroom teachers, giving professional development opportunities, and therefore further expertise, in how to develop physical literacy and the breadth of learning that comprises physical education.
- Identify a subject coordinator for PE and sport.
- Work collaboratively with other schools to develop a creative and higher quality provision.
- Develop physical literacy by focusing on your pupils' fundamental movements, then their generic sport skills and ultimately small-sided games.
- Use qualified and suitably trained coaches to improve the quality and range of school sport offered to enrich the curriculum (but not replacing it).

Action Plan

Before putting together our action plan we considered the following questions and self-reviewed our current provision with the following outcomes:

1. Does your school have a vision for PE and school sport? *Stage 3 - Embedded*
2. Does your PE and sport provision contribute to overall school improvement? *Stage 2 - Established*
3. Do you have strong leadership and management of PE (and school sport)? *Stage 3 - Embedded*
4. Do you provide a broad, rich and engaging PE curriculum? *Stage 2 - Established*
5. How good is the teaching and learning of PE in your school? *Stage 2 - Established*
6. Are you providing high quality outcomes for young people through PE and school sport? *Stage 3 - Embedded*
7. Are you providing a rich, varied and inclusive school sport offer as extension of the curriculum? *Stage 3 - Embedded*
8. Are all pupils provided with a range of opportunities to be physically active and do they understand how physical activity can help them adopt a healthy and active lifestyles? *Stage 3 - Embedded*
9. Does the school know how to effectively utilise the new PE and school sport funding? *Stage 3 - Embedded*

Department for Education **VISION** for the Primary PE and Sport Premium

ALL pupils leaving primary school are **physically literate** and with the **knowledge, skills and motivation** necessary to equip them for a **healthy, active lifestyle** and **lifelong participation** in physical activity and sport.

The funding has been provided to ensure impact against the following **OBJECTIVE**:

To achieve self-sustaining improvement in the quality of PE and sport in primary schools. It is important to emphasise that the focus of spending must lead to long lasting impact against the vision (above) that will live well beyond the Primary PE and Sport Premium funding.

It is expected that schools will see an improvement against the following 5 key indicators:

1. The engagement of all pupils in regular physical activity – kick-starting healthy active lifestyles.
2. The profile of PE and sport being raised across the school as a tool for a whole school improvement.
3. Increased confidence, knowledge and skills of all staff in teaching PE and sport.
4. Broader experience of a range of sports and activities offered to all pupils.
5. Increased participation in competitive sport.

In our action plan below we have specified which of the above key indicators each action/priority is relates to. This helps the school to focus their actions and ensure the funding is used as the Department for Education intended.

2017 -2018 Sport Premium Funding allocated to our school is: **£8,932. This will be updated once confirmation of the new funding agreement has been confirmed.**

Additional money the school will contribute is: **£16,740**

Total money to be spent is: **£25,663**

Physical Education

Physical education is education through physical activity: its goal is the development of the individual as a whole, not just their physical development or their proficiency in specific sports.

Through a focus on ensuring physical education at primary school we provide young people with access to physical activity for life as well as build the foundation for future participation and performance in sport.

A high quality PE programme will develop physical literacy and allow children to learn about themselves, the importance of a healthy lifestyle, self-expression and concepts such as fair play and respect. PE also contributes to the development of a range of important cognitive skills such as decision making and analysis, and social skills such as teamwork, communication and leadership.

Healthy, Active Lifestyles

Healthy behaviour in childhood and the teenage years set patterns for later life and, if acquired early can have a dramatic impact on well-being. Nearly a quarter of all reception-aged children and one third of year 6 pupils are overweight or obese and it has been documented that inactivity causes nine per cent of premature mortality.

Identify the children who are least active or who are at risk of obesity and design targeted physical activity interventions specifically for them. The focus needs to be on enjoyment, so engage these pupils by offering a breadth of appealing activities that include plenty of exercise and promote wider health and well-being messages in a young people-centred environment.

Competitive School Sport

All children enjoy being appropriately challenged and at a young age most are keen to explore what they are capable of. Competitive school sport for primary school children should be categorised on a focus by achieving one's 'personal best' rather than being 'the best'.

Engage primary children in personal challenges, allow them to practice and test their skills and personal competence, and small-sided games to encourage teamwork and a sense of how to play and succeed.

A good competitive school sport programme includes regular club participation opportunities where children can learn more about specific sports, receive age-appropriate coaching and practice their skills (after School Club) before attending competitions.

Impact of the developments in competitive school sport:

- Children will become team players and understand the importance of working as a team.
- Children will become competitive when playing sport.

Sustainability of whole plan:

The Sport Premium funding has been provided to ensure impact against the following objective – ‘To achieve **self-sustaining improvement** in the quality of PE and sport in primary schools’. Therefore, sustainability has been considered when putting together our whole action plan. These are the things we have considered:

- Working with the School Sport Partnership and Curtis Collantine to provide CPD for our teaching staff to increase their confidence, knowledge and skills in teaching PE and sport.
- Not employing external sports coaches to deliver PE.
- Use it to train staff and improve their confidence and ability to teach PE.
- Develop leadership in children to lead activities at lunchtime/playtimes to improve attendance in clubs/increase of physical activity.
- Use it to develop a competitive edge and a ‘love of sport’ in our children.
- Use it to develop P.E. provision in early years to ensure core strength development.
